I would like to attend the 1-day Case Law & Legal Updates Only

I would like to attend all 5 days.

Advanced Detection & Trailing Seminar – November 13-17, 2017 - \$289.00

DAY 1 CANINE CASE LAW

This K9 case law and legal update seminar is a class offered for the handler, administrator or K9 trainer. This course covers current case law that applies to law enforcement K9 handlers and is designed to give the student a thorough understanding of the court's rulings that apply to K9 handlers.

ONE DAY ONLY \$109

DAYS 2-5 DETECTION & TRAILING SEMINAR

This is a practical seminar designed to work with both handler and detection K9. The seminar also teaches the handler proper techniques to more efficiently conduct searches and how to deal with difficult detection problems. This course is also designed to assist the handler/dog that may be having detection problems in areas such as search pattern, indication/alert, or other difficulties.

During the class, we will also be working with teams on scent discrimination and variable surface trailing. This training is designed to help the handler better "read" the trailing dog and be able to more efficiently and safely conduct trails to apprehend fleeing suspects

ALL 5 DAYS ONLY \$289

Hotel:

Courtyard by Marriott **\$117 per night**

1500 NE Coronado Drive

Blue Springs, MO 64014
